ADVANCED DISCO

- n Our Cutting Edge Advanced Disco employs over-head LED and Laser lighting effects that create a brilliant dance floor atmosphere, and fits perfectly into any venue. We cater up to 350 guests.

- n We have the experience, enthusiasm and ability to provide the best music for your celebration, which covers every type of music, from the 1920's to the present day.

- n We also give you the complete freedom to choose your own music from our vast on-line music database. You will need to visit our web site at: www.motiv-8.co.uk

INTERACTIVE REQUEST SYSTEM

- n We give your guests the freedom to choose the music, via our touch screen computer request system. Within' four touches of the screen, requests are sent to the DJ in real-time!
It is very easy to use, and your guests can track their requests via the projected screen!
- n To add to the fun we can also take photo snaps of your guests and show them on the projected screen during the food.

The photos are later given to you (with no loss of quality) on CD-R.

DVD OPTION

- n Our DVD Option is the ideal way to make your wedding celebration totally unique!

We video record your wedding.

Then after editing, the highlights are shown on our projected screen as a backdrop during your first dances.

It's visual impact is enormous, and is well remembered by all your guests!

You'll also receive two Free DVD Copies which will include your full wedding a few weeks later.

KARAOKE OPTION

- n Karaoke at any party can be good fun. A small built-in Karaoke is projected on to our screen as an added option with the Advanced Disco. It offers over 500 British Hit songs.

We have many other "Bolt-on" options with the Advanced Disco. Please ask or view the "Disco Differences" document.

- n We are also conscious of excessive volume levels, and therefore we constantly control the volume to suit the mood and the occasion.
